

# Collaborative Interaction on Tabletop Displays

Sheelagh Carpendale, Tobias Isenberg, Stacey D. Scott, Uta Hinrichs, André Miede, Russel Kruger, Stefan Habelski, and Kori Inkpen

## Storage Bins

Mobile and adjustable container widgets that support object storing, organizing, and sharing.

## Sticky Notes

Allow for the quick annotation of objects by hand.

2006

## Interface Currents

Mobile, adjustable container widgets that provide an ongoing flow, causing objects to float continuously within flexible boundaries.

## RNT Objects

Combining rotation, translation, and tossing of objects in one fluid gesture.

## Sticky Boards

Enable users to organize objects collage-like while still allowing for resizing and reorienting.
